Mount Auburn Cemetery, Rimbey

SW-28-42-02-W5

The town of Rimbey was incorporated as a village in July 1919, but prior to that it was a hamlet in the Municipal District of Blindman #430.

As early as 1901, Charlie Townsend was selling groceries from shelves in a corner of the Jim Rimbey house. The next year, Jim Cox came from Ponoka to acquire a piece of land on which to build a general store. He tried first to buy a location from Aaron Young on land a few miles south, but Mr. Young refused to sell feeling that a store was the opening wedge for dance halls, saloons, gambling houses and all that went with the development of a thriving frontier town. So Mr. Cox selected a site on the Sam Rimbey homestead, and there he built Rimbey's first store, Determining for all time where Rimbey would be on the map.

Mr. Sam Rimbey came to Canada after the American Civil War. He was born in 1868 and died 26 May 1952.

The Mount Auburn Cemetery is located in downtown Rimbey at 48 Street between 51 and 52 Avenue, on land just east of the Town of Rimbey town offices.

The cemetery is divided into four equal sections with a row of spruce trees running across the middle one way and a road running down the centre, with a few spruce trees at the east end. It is a very well kept cemetery - grass is always cut and any depressions filled in as soon as they form after heavy rains.

The transcribing was first done by the Red Deer Branch of the Alberta Genealogical Society in June of 1987 and brought up to date (for a total of 1850 burials) by Gordon Becker in September of 1991.

Abbreviations used in this publication:

d = died, b = born, int = interred, a = age, fa = father,
mo = mother, da = daughter, w = wife, h = husband, pt =
parent(s) res = reserved or residence at.

Note: Some of the death dates have been transcribed from the records but it is not always clear whether these are actually death or interment dates.
